

Salim ABDOUNE

s_abdoune@estin.dz | +213 542 788 740 | Algeria | Open to Relocation | Portfolio: s4llmabd.github.io | LinkedIn | GitHub

Professional Summary

Designed and deployed a production AI-augmented DFIR platform at Air Algérie — integrating Velociraptor, Elastic SIEM, and a RAG-LLM investigation assistant; research paper under review at *Expert Systems with Applications* (Elsevier Q1, IF 7.5). Cybersecurity engineer with a double diploma from ESTIN (2026), specialized in DFIR and SOC operations; also conducted a full NIST SP 800-53 security audit of ESTIN infrastructure. Certified in network security (CNSP), SOC operations, and ISO 27001, with Python scripting experience for automation and security workflows. Experienced CTF competitor with multiple international podium finishes, targeting DFIR analyst or SOC engineer roles.

Education

Master's Degree — Computer Science, Cybersecurity Specialization 2021 – 2026

ESTIN (École Supérieure en Sciences et Technologies de l'Informatique et du Numérique) · Béjaïa, Algeria

- Double diploma: Diplôme d'Ingénieur d'État (5-year Master's-equivalent) + Master's Degree. Graduated June 2026.

Experience

Cybersecurity Research Internship — DFIR Platform Deployment Feb – Jun 2026

Air Algérie · Algiers, Algeria

- Deployed integrated DFIR platform: Velociraptor endpoint agent + Elastic SIEM + RAG-LLM investigation assistant across 3 interconnected layers
- Automated threat hunting with 20+ ATT&CK-aligned detection rules, reducing mean time to detect to under 30 seconds
- Designed multi-stage prompt-injection defense layer for the AI investigation module, validated in production

Blue Teaming Workshop Instructor 2024 – Present

Nexus Security Club · ESTIN, Béjaïa

- Designed and delivered blue teaming curriculum to 30+ members: SOC operations, threat hunting, malware analysis

Network Security Internship Jun – Aug 2023

Algérie Télécom · Algeria

- Network monitoring, incident triage, and security configuration review on enterprise infrastructure

Projects

Smart DFIR Platform — AI-Augmented Forensics & Incident Response 2025 – 2026

Velociraptor · Elastic Stack · RAG-LLM · Python · Docker

- End-to-end DFIR pipeline: automated endpoint collection, SIEM correlation, and AI-assisted incident investigation
- Deployed in production at Air Algérie; research paper submitted to *Expert Systems with Applications* (Elsevier Q1)

IT Security Audit — ESTIN Infrastructure Feb – Jun 2025

ESTIN · Béjaïa, Algeria · NIST SP 800-53

- Audited university IT infrastructure: lab rooms, servers, and digital platforms (Moodle, library, student portal)
- Vulnerability detection, IT security policy development, and NIST SP 800-53 compliance verification
- Delivered risk assessment report with identified vulnerabilities and remediation recommendations

Technical Skills

DFIR & Forensics: Velociraptor, Volatility, Autopsy, Wireshark, CyberChef

SIEM & Detection: Elastic Stack, Splunk, Sigma Rules, YARA, Suricata

Offensive / Assessment: Nmap, Nessus, Ghidra

Development & Infra: Python, Docker, Linux

Frameworks & Standards: MITRE ATT&CK, NIST SP 800-53, ISO/IEC 27001

Publications

AI-Augmented DFIR Platform with RAG-LLM Investigation Assistant & Prompt-Injection Defense 2026

Expert Systems with Applications — Elsevier Q1 (IF 7.5) · Under Review

Salim Abdoune, Madani Samy Debaili, Nasreddine Abdelli, Samiha Ait Taleb

Certifications

- **CNSP** — Certified Network Security Practitioner · The SecOps Group · 2025
- **C3SA** — Certified Cyber Security Analyst (Premium) · CyberWarFare Labs · 2025

Courses & Training

- **ISO/IEC 27001:2022 Lead Auditor** — Mastermind Assurance · 2025
- **Network Defense** — Cisco Networking Academy / The Open University · 2025
- **Security Operations (SOC) 101** — TCM Security · 2024
- **CCNA v7: Introduction to Networks** — Cisco Networking Academy · 2024

Competition Rankings

- **#29 Global** — Gray Swan AI Arena · AI Red-Teaming
- **#4 International** — PearlCTF | **#4 National** — Hack.INI 2k23 · Algeria
- **#6 International** — HACKFEST'8 Finals · Tunisia | **#9 International** — Hackfinity Battle · TryHackMe

Languages

- **English** — B2 (IELTS 6.0)
- **French** — Professional proficiency
